"The novel is as clever and as full of promise as any first  
book I remember to have read. . . . Some of his minor char-  
acters are so brilliantly and forcibly touched off as to be really  
remarkable. . . . What is certain is that in 'The Prodigal  
Daughter' he has produced so good and readable a novel that,  
after its perusal, though you do not particularly want to go  
back on it, you make a mental note that you will read the  
author's next as soon as you have the chance. And that, as  
novels and authors go, is a kind of note one does not often  
have to make."—*Academy*, March 8.

"If this book is by a new writer, it will make his reputation  
at once. . . . In any case, here is one of the most powerful  
novels which have seen the light for a very long time past."

## WILD LIFE in a SOUTHERN COUNTY.

By the AUTHOR of "THE GAMEKEEPER AT HOME."

From the SATURDAY REVIEW, March 1.

"Even a more delightful book than 'The Gamekeeper at Home.' It is difficult to give more than the vaguest idea of a volume so full of interesting matter. It must be defined as a *medium in porro encyclopædia* of country sights and country matters. The author is, at once the closest and the most catholic of observers. Nothing escapes him in the animate creation; he is also intensely interested in the phenomena of the atmosphere and weather; and he has much to tell about the habits of the country people and their odd and primitive ways of thinking. Open the book where you may, you cannot fail to find something attractive; and as it is impossible to do it reasonable, justice in review, we can only recommend our readers to procure it."

From the ATHENÆUM, March 1.

"A volume which is worthy of a place beside White's 'Solborne.' In closeness of observation, in power of giving a picture far beyond the power of the mere word-painter, he is the equal of the Solborne rector—perhaps his superior. The author's observation of man is as close and as true as his observation of the lower animals. This is a book to read and to treasure."

From the STANDARD, February 26.

"A pleasant companion it would be hard to find. The author is clearly a man of education and intelligence. Nothing seems to escape the author's notice. Always full of pleasant talk and ingenious fancy, there is not a dull page in his note-book. We must send our readers to wander for themselves through this delightful page of 'Wild Life,' with certainty of finding instruction and amusement of the best kind."

From JOHN BULL, March 1.

"A very interesting book. The man who writes this is far more than a close observer, though it is close observation which gives its chief value to the book. We heartily recommend it to readers of all kinds, whether town or country bred. No book that we know is better fitted to be a help to those who wish to understand and enjoy their surroundings."

From the SCOTSMAN, February 27.

"As enthralling as the most exciting novel; the reader feels as though he were getting a peep at some of Nature's most secret and secluded domains. Wonderful closeness and accuracy of observation, relieved by a quaint gentle humour and a calm impartiality of judgment, which greatly enhance the charm of the volume."

From "BAILY'S MAGAZINE," March.

"This is a remarkable book. . . . We commend its pages to our readers, whether old or young. They can pick it up at any time, and will always find in it abundance of entertainment."
